

# CITY OF CEDARBURG

## 2012 REFUSE AND RECYCLING COLLECTION SIGN-UP

**Refuse**      The base level of service per building for refuse will be up to the equivalent of six (6), thirty-two (32) gallon garbage containers per building per week. If a building generates more refuse than this amount, the building would not be eligible for service through the City.

**Recycling**      The base level of service per building for recycling will be one (1), sixty-four (64) gallon recycling cart per building bi-weekly (every two weeks). If a building generates more recycling than this amount, the building owner has the option to exchange the one sixty-four (64) gallon recycling cart for one ninety-six (96) gallon recycling cart upon paying a one-time non-refundable fee of \$25.00. Pickup would continue to be on a bi-weekly (every two weeks) basis. If additional carts are needed, the building owner may obtain an additional cart(s) and an invoice will be sent on a yearly basis for the actual cost of pickup. All recyclable material must be placed within the cart. Any recyclable material placed outside of the cart will not be picked up.
