

City of Cedarburg Sign Permit Application

The Design Review Board recognizes the need for well-maintained and attractive sign displays within the community and the need for adequate business identification, advertising and communication. Because of the unique qualities of the City of Cedarburg which need to be protected and enhanced, a high degree of control over the aesthetic nature of signs is deemed to be an important public purpose. It is recognized that while personal preference may be expressed in selecting the size, shape, colors, type style, placement, method of mounting and other components in the design, the Design Review Board is responsible for assuring that only aesthetically pleasing and functionally purposeful signs are displayed in the City of Cedarburg.
