

like to start with the roof of the Cedar Creek Park restroom. The current shake shingles are falling apart and due to the high usage and accessible location, this structure is a high priority. Rich Frohmader from ABC Supply gave a presentation of possible shingle options and explained that whichever shingle is chosen, his crew will teach our parks crew how to install the new roofing correctly. Various Board members stated that they would like to see visuals of other potential shingles or roofing materials to have more options to choose from. Mr. Frohmader agreed to come to the next meeting and bring additional products and possibilities. The Board agreed to choose between these options at the next meeting in August.

REPORTS

Director Hilvo mentioned that youth soccer recently ended and was a very successful program this year. Also, the women's soccer league at Prairie View Park has been going on for a few weeks and continues to grow and become more popular. The Department has started to work on the fall, winter, spring activity guide and it will be available online starting in September. Director Hilvo also stated that he built a human foosball table to be used at special events and the community pool. Lastly, the two art sculptures that were donated to the City have been placed in their temporary locations in June and he has received many compliments on the pieces.
