The purpose of this Chapter is to provide minimum standards and regulations applicable to burglar, fire and holdup alarm systems, alarm business and alarm users. The intent of this Chapter is to prevent carelessness, improper maintenance or any other cause which results in false police and/or fire alarms from privately owned alarm systems. Such false alarms require police and/or fire apparatus response which thereby creates unnecessary expenses to the City, increased risk of damage to property or injury to persons and dilutes police and fire protection to other parts of the City.

SEC. 5-6-1 PURPOSE AND INTENT.

The city finds and declares that sex offenders are a serious threat to public safety. Given the high rate of recidivism for sex offenders, the city believes that in addition to the protections afforded by state law near schools, day care centers and other places children frequent, reducing opportunity and temptation is appropriate to minimizing the risk of re-offense to better protect the children in these public places. This chapter is a regulatory measure aimed at protecting the health and safety of children in the City of Cedarburg from the risk that convicted sex offenders may re-offend in locations close to their residences where children tend to congregate or be regularly present. It is the intent of this chapter not to impose a criminal penalty but rather to serve the city's compelling interest to promote, protect and improve the health, safety and welfare of the citizens of the city by creating safety zones around locations where children regularly congregate in concentrated numbers wherein certain sexual offenders and sexual predators are prohibited from establishing temporary or permanent residence and wherein access by certain sexual offenders and sexual predators shall be restricted and excluded.
