REVIEW AND CERTIFY CODE OF ETHICS BY CITY OF CEDARBURG COMMITTEE MEMBERS; AND ACTION THEREON

Chief Jeff Vahsholtz verified the Code of Ethics was read and understood by the City of Cedarburg members of the Committee.

CONSIDER MEETING DATES, FREQUENCY, TIME, AND LOCATION OF FUTURE MEETINGS; AND ACTION THEREON.

Town Administrator Eric Ryer and City Administrator Mikko Hilvo explained to the Committee Members they will not be in attendance at most future meetings. They suggested, and the Committee agreed to choose one main topic to address per month. A one-hour long meeting should be sufficient to cover one main agenda item.

The Committee decided to alter the locations of the meetings each month. The meetings began at the Cedarburg Fire House located on Mequon Road in the City of Cedarburg. The next meeting will take place at the Fire House located in the Town of Cedarburg (near Five Corners). The meetings will continue alternating between the City and Town on the second Thursday of each month. Both locations are equipped to handle the meetings in-person and via Zoom.

OVERVIEW OF THE CURRENT CEDARBURG FIRE DEPARTMENT; AND ACTION THEREON

Chief Jeff Vahsholtz provided an overview of the status of the Fire Department including challenges facing the department. He explained there are only two (2) positions which are full time, the rest of the Fire Department is volunteer. The Fire Chief position is considered part time. The volunteers do not receive any pay for training attended. EMT's do receive pay and are paid per call they attend. Chief Jeff Vahsholtz explained the volunteer pool is shrinking and it is becoming increasingly more difficult to find people willing to volunteer.

The Fire Department is a municipal department with the City Mayor, City Administrator and Police & Fire Commission overseeing operations.

The Fire Department is responsible for its own accounts payable. This function is not handled by City staff. They also handle janitorial services for the building.

Joint Fire/EMS Services Ad Hoc Committee
June 22, 2021

The average number of calls per year is approximately 1200. Calls per day average three (3) to five (5).

The Fire Department added two (2) dormitories for the full-time employees to be able to spend the night; thereby reducing response times.

Chief Jeff Vahsholtz explained Cedarburg Fire Department Incorporated is a separate non-profit company which conducts fundraising on behalf of the Fire Department. Cedarburg Fire Department Incorporated oversees Maxwell Street Days as well as other fund-raising functions. Due to the extensive fund-raising efforts over the years, all Fire Department trucks have been purchased through fund raising, not with tax dollars. When COVID-19 hit, the fund-raising efforts were severely curtailed, putting a huge strain on potential replacements of much needed fire trucks.

A discussion ensued regarding the two most important challenges the Department faces. First is the inability to replace volunteer fire fighters. The second challenge lies with the ability to hire EMS respondents.

The topic of Fire Department consolidation was raised. Joint Fire/EMS Services Committee Member Dan Den Boer explained the challenges faced with consolidation boil down to two (2) main points: What is the political appetite for consolidation? And what is the price tag? A third possible element exists: What is the expectation of residents? Chief Jeff Vahsholtz confirmed the Village of Thiensville met to discuss the Fire Study and may be interested in forming a committee. Also, the Village of Saukville is in desperate need of EMS Services.

The Committee asked Chief Jeff Vahsholtz if the current Fire Department Members have been polled about what direction they feel the agency should move toward. There has been no formal poll, however, Chief Jeff Vahsholtz explained he has been very transparent in explaining what the future may hold for the department given the challenges they are facing today.

CONSIDER PROCESS FOR FUTURE MEETINGS; AND ACTION THEREON

The Committee reached a consensus that EMS calls should be the first priority for the Committee. Chief Jeff Vahsholtz will reach out to other Fire Departments to see how they are handling EMS challenges. The Committee decided to add a standing agenda item to each meeting to cover what other Fire Departments/Communities are doing.

IDENTIFY FUTURE AGENDA ITEMS; AND ACTION THEREON

Future agenda items will include a discussion on department finances as well as level of service. Town Supervisor Bill Wattson will send a list of questions to Chief Jeff Vahsholtz to be addressed at future meetings.

ADJOURNMENT

A motion was made by Chief Jeff Vahsholtz, seconded by Dan Den Boer, to adjourn the meeting at 8:53 p.m.
