

**CITY OF CEDARBURG  
A MEETING OF THE COMMON COUNCIL  
MONDAY MARCH 13, 2023 – 7:00 P.M.**

A meeting of the Common Council of the City of Cedarburg, Wisconsin, will be held on **Monday, March 13, 2023 at 7:00 p.m.** The meeting will be held online utilizing the zoom app and in-person at City Hall, W63 N645 Washington Avenue, Cedarburg, WI., in the second floor Council Chambers. The meeting may be accessed by clicking the following link:

<https://us02web.zoom.us/j/81696061738>

**AGENDA**

1. CALL TO ORDER - Mayor Michael O'Keefe
2. MOMENT OF SILENCE
3. PLEDGE OF ALLEGIANCE
4. ROLL CALL: Present – Common Council – Mayor Michael O'Keefe, Council President Patricia Thome, Council Members Melissa Bitter, Jack Arnett, Rick Verhaalen, Robert Simpson, Kristin Burkart, Mark Mueller
5. STATEMENT OF PUBLIC NOTICE
6. COMMENTS AND SUGGESTIONS FROM CITIZENS\*\* Comments from citizens on a listed agenda item will be taken when the item is addressed by the Council. At this time individuals can speak on any topic not on the agenda for up to 5 minutes, time extensions at the discretion of the Mayor. No action can be taken on items not listed except as a possible referral to committees, individuals, or a future Council agenda item.
7. NEW BUSINESS
  - A. Discussion and review of Adaptive Management Plan\*
8. UNFINISHED BUSINESS
  - A. Discussion and possible action on claim of excessive assessment from property owners located at W60 N667 Jefferson Avenue\*
9. NEW BUSINESS, CONTINUED
  - B. Discussion and possible action on Sewer Utility Easement Agreement with W61 N518-20 Washington Avenue\*

- C. Discussion and possible action on bids received for the 2023 Street and Utility construction contract\*
- D. Discussion and possible action on award of contract for the 2023 Sidewalk Replacement Program\*
- E. Discussion and possible action on Lease Agreement with Vantage Financial for Police Department Server
- F. Discussion and possible action on Initial Resolution No 2023-05 Authorizing \$2,725,000 General Obligation Bonds for Community Development Projects in Tax Incremental District No. 7\*
- G. Discussion and possible action on Resolution No. 2023-06 Providing for the Sale of, Not to Exceed, \$2,725,000 General Obligation Community Development Bonds, Series 2023A\*
- H. Discussion and possible action on Resolution No. 2023-07 Directing Publication of Notice to Electors Relating to Bond Issue\*
- I. Discussion and possible action on Resolution No. 2023-08 authorizing the City to open a custodial account with Pershing Advisor Solutions LLC and engage Ehlers Investment Partners as Investment Advisor\*
- J. Discussion and possible action on “No Mow May”\*
- K. Update on Amcast property

10. CONSENT AGENDA

- A. Discussion and possible action on approval of February 27, 2023 Council Meeting Minutes\*
- B. Discussion and possible action on approval of new 2022-2023 operator licenses for the period ending June 30, 2023 for Sara Valentiuk \*\*\*
- C. Discussion and possible action on payment of bills dated 02/24/2023 through 03/07/2023, transfers dated 02/25/2023 through 03/10/2023, and payroll for period 02/19/23 through 03/04/23\*

11. REPORTS OF CITY OFFICERS AND DEPARTMENT HEADS

- A. City Administrator’s Report\*

12. COMMUNICATIONS

- A. Comments and suggestions from citizens\*\*
- B. Comments and announcements by Council Members

C. Mayor's Report

13. ADJOURN TO CLOSED SESSION

It is anticipated the Common Council will adjourn to Closed Session pursuant to State Statute 19.85(1)(e) to deliberate or negotiate the purchase of public properties, the investing of public funds, or conducting other specified public business, whenever competitive or bargaining reasons require a closed session. More specifically to be discussed will be items 11.B. and 11.C. It is also anticipated the Common Council will remain in Closed Session pursuant to State Statute 19.85(1)(g) to confer with legal counsel for the governmental body who is rendering oral or written advice concerning strategy to be adopted by the body with respect to litigation in which it is or is likely to become involved. More specifically to be discussed is Item 11.D.

- A. Approval of February 27, 2023 Closed Session minutes
- B. Discussion on Paramedic Oversight Agreement with Southern Ozaukee Fire Department
- C. Discussion and update on the concept of a new shared services agreement for Fire/EMS services with the Town of Cedarburg
- D. Discussion on Erik Kampa claim against the City of Cedarburg

14. RECONVENE TO OPEN SESSION

15. NEW BUSINESS – CONTINUED

- L. Discussion and possible action on Erik Kampa claim against the City of Cedarburg
- M. Discussion and possible action on Paramedic Oversight Agreement with Southern Ozaukee Fire Department
- N. Discussion and possible action on utilizing ARPA funds to fund the Paramedic Oversight Program
- O. Discussion and possible action on shared services agreement for Fire/EMS services with the Town of Cedarburg

16. ADJOURNMENT

Individual members of various boards, committees, or commissions may attend the above meeting. It is possible that such attendance may constitute a meeting of a City board, committee, or commission pursuant to State ex. rel. Badke v. Greendale Village Board, 173 Wis. 2d 553, 494 NW 2d 408 (1993). This notice does not authorize attendance at either the above meeting or the Badke Meeting but is given solely to comply with the notice requirements of the open meeting law.

\* *Information attached for Council; available through City Clerk's Office.*

\*\* *Citizen comments should be primarily one-way, from citizen to the Council. Each citizen who wishes to speak shall be accorded one opportunity at the beginning of the meeting and one opportunity at the end of the*

*meeting. Comments should be kept brief. If the comment expressed concerns a matter of public policy, response from the Council will be limited to seeking information or acknowledging that the citizen has been understood. It is out of order for anyone to debate with a citizen addressing the Council or for the Council to take action on a matter of public policy. The Council may direct that the concern be placed on a future agenda. Citizens will be asked to state their name and address for the record and to speak from the lectern for the purposes of recording their comments.*

\*\*\*

*Information available through the Clerk's Office.*

City of Cedarburg is an affirmative action and equal opportunity employer.

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, disability, age, sexual orientation, gender identity, national origin, veteran status, or genetic information.

City of Cedarburg is committed to providing access, equal opportunity and reasonable accommodation for individuals with disabilities in employment, its services, programs, and activities.

To request reasonable accommodation, contact the Clerk's Office,

## CITY OF CEDARBURG

**MEETING DATE:** March 13, 2023

**ITEM NO:** 7.A.

**TITLE:** Discussion and review of Adaptive Management Plan

**ISSUE SUMMARY:** The Water Recycling Center is participating in an Adaptive Management Plan in order to comply with current phosphorus regulations. The City is one (1) year into the plan, and this is a brief update of what has happened so far this first year, along with plans for this year.

**STAFF RECOMMENDATION:** Review the data for the first year and continue to participate in the Adaptive Management program.

**BOARD, COMMISSION OR COMMITTEE RECOMMENDATION:** The item was discussed briefly at the March 9<sup>th</sup> Public Works & Sewerage Committee meeting.

**BUDGETARY IMPACT:** \$200,000/year

**ATTACHMENTS:** Adaptive Management Phosphorus Progress Report

**INITIATED/REQUESTED BY:** Dennis Grulkowski, Wastewater Superintendent

**FOR MORE INFORMATION CONTACT:** Dennis Grulkowski, (262) 375-7900

City of Cedarburg  
City Commission

# Phosphorus Progress Report

March 13, 2023

1

## Presentation Overview

**What is the plan?**

**What are we doing?**

**What are the results?**

**What do we plan to do?**

Mead&Hunt

2

## What is the plan?

- Lower the phosphorus concentration in Cedar Creek
- Target sources of phosphorus and reduce the amount getting to the creek
- Targeted sources:
  - Farm fields
  - Within the Village

Mead&Hunt

3

## What are we doing?

- We are starting with 6 farms
- A total of about 850 acres
- Promoting cover crop and no-till farming
- Goal is 1,600 lb/yr of TP reduction
- This is about 30% of the target reduction

Mead&Hunt

4

## Cover Crop Example

Mead&Hunt

5

## No-till Farming Example

Mead&Hunt

6

## What are the results?

### River Monitoring

- Initial TP concentration: 0.109 mg/L
- 1<sup>st</sup> year result:
  - Into action area: 0.115 mg/L
  - Out of action area: 0.12 mg/L

### Considering Mass

- Initial TP Target: 5,300 lb/yr
- May need to target: 6,700 lb/yr

Mead&Hunt

7

## What do we plan to do?

**Updating River Monitoring**  
Reduce sample collection to 1X per month

**Expand Farm Program**  
Continue expanding farm program while continuing to promote cover crop, no-till farming, and other hard practices

**TP Reduction**  
Our 2023 Crop year target is 1,600 lb/yr of TP reduction from Ag sources

**Urban Demo Projects**  
Developing conceptual designs for urban P source reductions

Mead&Hunt

8

## Future WRC Site plans

- Crop year 2022 – planted soybean & winter wheat
- Also made improvements to install a primitive grassed waterway
- Crop year 2023 – remove field from crop production
- Considering converting to a prairie.
- A combination of annual grasses and flowers to support butterflies, pollinators, and other wildlife

9

**Thank you.**

Mead&Hunt

10

DRAFT

# Annual Adaptive Management Report

Project Number R4666724-222351.01  
January 2023

1. Introduction .....	3
2. Previous Year's Activities .....	4
3. Upcoming Year's Activities .....	6
4. Results From Cedar Creek Monitoring .....	7
5. Progress Update .....	10
6. Recommended Plan Changes.....	12

## APPENDICES

### A. Agricultural Reference Information

A1. Maps of Fields for Current Crop Year

### B. River Monitoring Data and Analysis

B1. Creek Sampling Location Map

B2. Data from River Samples

B3. Figure 1: Total Phosphorus in Cedar Creek Growing Season 2022

## 1. Introduction

The City of Cedarburg (the City) is implementing a watershed management plan, commonly referred to as adaptive management (AM), to achieve compliance with the phosphorus mass allocations found in the City's Wisconsin Pollution Discharge Elimination System (WPDES) permit. This AM Plan aims to reduce the total phosphorus concentration in Cedar Creek (Creek) to below the water quality standard at the pour point for the action area. The current water quality standard is 0.075 mg/L.

This annual report contains a summary of the actions taken by the City in the previous year, actions planned by the City in the coming year, results from monitoring phosphorus concentrations in the Creek within the action area, progress made toward reaching the goal of the plan, and any changes being recommended to the plan.

## 2. Previous Year's Activities

The City received its reissued WPDES permit (Permit #WI-0020222-10-0) for the Water Recycling Center on March 29, 2022. The reissued permit includes provisions from the City's AM Plan for phosphorus. AM was selected as the phosphorus compliance alternative for the City upon completion of the alternatives review process. The AM plan was submitted to the Wisconsin Department of Natural Resources (WDNR) as part of the permit renewal process.

The City began implementing the AM Plan on April 1, 2022. The first action taken by the City involved starting the Creek monitoring program. Section 2.4 of the approved AM Plan identified phosphorus reduction targets throughout the action area and upstream from the action area, including:

- Improvements to agricultural operations (within the Greater Milwaukee River Reaches MI-22 & MI-24)
- Municipal separate storm sewer system (MS4) reductions within the City

The following is a summary of actions the City took throughout the previous year to reduce phosphorus.

### **Area 1 | Agricultural Improvements Within Reaches MI-22 and MI-24**

The City began implementing agricultural improvements by focusing on two activities. The first activity involved creating an incentive program that would encourage farmers to participate in the City's efforts to reduce phosphorus runoff to the Creek. The second activity was to make improvements to the agricultural fields owned by the City.

The City developed an agricultural incentive program to support farmers with implementing best management practices that target phosphorus runoff reductions to the Creek. The City sought and received valuable input from Ozaukee County, Washington County, and the Cedar Creek Farmers Group on the incentive program. The program rolled out September 2022. A total of six farmers agreed to sign memorandums of understanding with the City. A total of over 840 acres have been enrolled in the City's program. Agricultural practices that have been implemented include:

- Cover crop with no till
- Hay fields with a minimum 20% grass
- Winter wheat as a cash crop

In addition, the City did cover the cost of renting Ozaukee County's air seeder for planting winter rye on approximately 50 acres. Winter rye is a cover crop. SnapPlus modeling will be performed in 2023 to estimate the amount of phosphorus reduction from these practices.

The City assumed control of farm fields in 2021 after the City elected not to extend a 20-year land lease agreement with the Zarling family. After many internal discussions along with consultations with Ozaukee County and the United States Department of Agriculture (USDA), the City elected to sign a land lease agreement with a local farmer as a short-term option for approximately 70 acres of cultivated farm fields. The other option the City was considering involved converting the cultivated fields to prairies. It would have taken several months to complete a design, select a contractor, and obtain seed determining which time the fields would have been uncovered. The City felt it was better to get something growing in the fields instead of leaving them uncovered for a long period of time. The local farmer agreed to make some land improvements to address surface water flow across the fields that caused serious erosion. Dirt was moved, stone was added, water stops were added, and seed was planted to create a grassed waterway in an attempt to reduce erosion. The farmer planted soybeans on the remaining fields using a high-density pattern. Winter wheat was seeded in the fall after the soybeans were harvested. SnapPlus modeling of these fields indicates that no change to phosphorus runoff was realized. The City did avoid an increase in P release by not leaving the fields unplanted.

## **Area 2 | MS4 Reductions within the City**

The City has taken no action throughout the previous year in this area.

### 3. Upcoming Year's Activities

Section 2.4 of the approved AM Plan identified phosphorus reduction targets throughout the action area and upstream from the action area, including:

- Improvements to agricultural operations (within the Greater Milwaukee River Reaches MI-22 & MI-24)
- MS4 reductions within the City

The following is a summary of actions the City plans to begin throughout the upcoming year to reduce phosphorus.

#### **Area 1 | Agricultural Improvements Within Reaches MI-22 and MI-24**

The City will continue expanding support to farmers in the key target areas. The City will encourage farmers to transition to hard practices, while continuing to support cover crop, no-till, and other agricultural practices that yield phosphorus runoff reductions. The goal for the upcoming crop year, defined as September 1, 2022, through August 31, 2023, is to reach 1,600 lbs of phosphorus reduction. This would put the City ahead of the targets established in the AM Plan and would also help the City satisfy the minimum reduction target needed to renew the AM Plan for another permit term. A reduction of 1600 lbs equals about 30% of the initial 5,300 lbs target for phosphorus reduction.

The City will be evaluating alternatives for its farms fields. This property is designated as the location for a new wastewater recycling center and for this and future reports will be referred to as the future WRC site. The winter wheat is scheduled to be harvested in June 2023. It is most probable that the City will initiate conversion of the future WRC site to some type of permanent grass or prairies in place of continuing the short-term lease agreement with a farmer.

#### **Area 2 | MS4 Reductions within the City**

The City will be reviewing two different demonstration projects that target phosphorus reductions to the Creek from wet weather sources. The first project is intended to reduce runoff to the Creek from MS4 sources by way of infiltration into groundwater. Some examples of potential projects include porous pavement or bioswales. The second project is intended to demonstrate a treatment option for capturing phosphorus found in runoff. An example of this technology involves a form of filtration using media that can capture or attract phosphorus such as iron-impregnated sand or iron slag.

## 4. Results From Cedar Creek Monitoring

The City collects samples from the Creek (or a tributary to Cedar Creek) at five monitoring locations identified within the Appendix of the AM Plan. Those five locations are:

**Site 1:** The confluence of the unnamed tributary and Cedar Creek near Pleasant Valley Road.

**Site 2:** Cedar Creek just upstream of the Schreiber Foods outfall and the confluence with the unnamed tributary.

**Site 3:** Cedar Creek, upstream of the WRC outfall at Lakefield Road.

**Site 4:** Cedar Creek, downstream from the WRC at Green Bay Road.

**Site 5:** Cedar Creek at the confluence with the Milwaukee River. This location is the “pour point” for the action area.

A map of the locations of the five sample sites is included in the Appendix.

The following tables contain the phosphorus concentration test results from the data collected.

**Table 4-1 | Total Phosphorus Concentration (mg/L) for 2022**

Location	Site 1	Site 2	Site 3	Site 4	Site 5
May 10	0.028	0.060	0.058	0.060	0.055
June 24	0.105	0.184	0.228	0.268	0.219
June 30	0.103	0.115	0.126	0.129	0.137
July 11	0.100	0.116	0.156	0.144	0.141
August 17	0.099	0.123	0.088	0.116	0.103
September 9	0.106	0.10	0.102	0.117	0.120
October 10	0.024	0.062	0.026	0.045	0.030
<b>Median</b>	<b>0.100</b>	<b>0.115</b>	<b>0.102</b>	<b>0.117</b>	<b>0.12</b>

### Notes

- A. The value in red is below the LDL

**Table 4-2 | Filtered Total Phosphorus Concentration (mg/L) for 2022**

Location	Site 1	Site 2	Site 3	Site 4	Site 5
May 10	0.024	0.024	0.024	0.024	0.024
June 24	0.037	0.024	0.03	0.024	0.024
June 30	0.024	0.024	0.024	0.024	0.024
July 11	0.024	0.024	0.024	0.024	0.024
August 17	0.081	0.024	0.075	0.099	0.086
September 9	0.085	0.047	0.092	0.102	0.106
October 10	0.024	0.024	0.024	0.037	0.024
<b>Median</b>	<b>0.024</b>	<b>0.024</b>	<b>0.024</b>	<b>0.024</b>	<b>0.024</b>

**Notes**

- A. The values shown in red are below the LDL.

The data collected shows that the median total phosphorus concentration is above the water quality criterion of 0.075 mg/L at all five sample collection sites within the action area. The value at Site 5, which is the critical value for determining AM Plan success (the pour point for the action area), was 0.12 mg/L.

The data collected shows that the median filtered phosphorus concentration is identical at all five sample collection sites within the action area. The value at Site 5, which is the critical value for determining AM Plan success (the pour point for the action area), accounts for approximately 20% of the total phosphorus concentration at this site.

This was the first year of growing season data. Some items worth noting:

- The dissolved phosphorus concentration was very low most months of the growing season and nearly the same at all sample collection locations throughout the action area.
- The dissolved phosphorus median concentration is approximately 25% or less of the total phosphorus median concentration at the various sample locations.
- The sample collection location with the highest total phosphorus concentration varied throughout the growing season. In May, Sites 2, 3, and 4 had the highest concentration. On June 24, Site 4 had the highest concentration, but on June 30, Site 5 had the highest concentration. In July, it was Site 3. In August, it was Site 4. In September, it was Site 5, and in October, it was Site 2.
- Site 1, representing the tributary to the Creek, always has a lower phosphorus concentration than all of the other sample collection sites.
- The test results for Site 2 indicate that the phosphorus concentration flowing into the action area is significant. The median concentration at Site 2 (0.115 mg/L) is almost identical to the median concentration at the pour point, Site 5, (0.12 mg/L). This suggests that the phosphorus concentration up creek from the action area has a significant effect on the phosphorus concentration in the action area.

The State of Wisconsin recently updated Chapter NR 102 of the Wisconsin Administrative code. Many revisions within this chapter relate to water quality data analysis. There are several items within this updated chapter that will influence the AM Plan. A partial list of the critical items is as follows with a more detailed discussion of each in the section that introduces plan revisions.

- The addition of the descriptive statistic confidence interval.
- Conformation in NR102.07 1(b) the “samples should be taken from the main channel near the area of greatest flow”.
- The introduction in NR102.07 1(c) of “weather-controlled total phosphorus concentration.”
- This section of the code further identifies “control for weather variability using a method such as the department’s Phosphorus Mixed Effects Regression calculation method” can be used.
- NR 102.52 establishes an 80% value when applying the two-sided confidence interval.

Future annual reports will include the items listed above as part of the analysis of the Creek sampling program.

The following table contains the median of the data for each sample collection site shown in Table 4.1, the confidence interval for the data shown in Table 4.1, and the lower and upper confidence limits based on an 80% confidence interval.

**Table 4-3 | Median and Confidence Interval for the Total Phosphorus Concentration (mg/L) Data for 2022**

Location	Site 1	Site 2	Site 3	Site 4	Site 5
Median	0.1	0.115	0.102	0.117	0.12
Confidence Interval (80%)	0.020	0.023	0.036	0.039	0.034
Lower Confidence Limit (LCL)	0.080	0.092	0.066	0.078	0.086
Upper Confidence Limit (UCL)	0.12	0.138	0.138	0.156	0.154

The confidence interval indicates that there is an 80% chance that the median of the data will reside between 0.086 mg/L and 0.154 mg/L at sample collection Site 5. For Site 2, the data tells us there is an 80% chance that the median of the data will reside between 0.092 mg/L and 0.138 mg/L.

## 5. Progress Update

Reductions to the phosphorus concentration in the Creek will come from agricultural and urban sources. The estimates for reductions from each area were not determined in the AM Plan. The target phosphorus reduction as reported in the AM Plan was 5,300 lbs. A mass balance was used to estimate the 5,300 lbs per year reduction using the mean annual creek flow of 55 MGD obtained from data collected by the United States Geological Survey (USGS) Station 04086500, which is located just north of Cedarburg, 6.6 miles upstream from Cedar Creek's confluence with the Milwaukee River. A median concentration of 0.109 mg/L was based on test results from Creek sampling done by Cedarburg. It was noted in the AM Plan that there is an increasing trend to the more recent creek flow data and that the flow data when limited to the last 30 years yields a mean annual flow of 70.5 MGD, approximately 28% higher than the mean of the total flow record period.

The following table will be updated in future annual reports to illustrate the estimated phosphorus reductions from the two areas, agricultural and urban phosphorus sources

**Table 5-1 | Estimated Phosphorus Reduction Achieved to Date**

Location	Reduction Target (lbs/yr)
Area 1	0
Area 2	0
<b>Total</b>	<b>0</b>

The City began the AM Plan in 2022. While no reductions were realized through modeling using SnapPlus, the work performed on the future WRC site avoided a phosphorus release of possibly as much as 1.5 lbs/acre-year or approximately 105 lbs/year.

The USGS flow monitoring station reports the annual flow in Cedar Creek in 2022 was 100.7 cfs or 65.1 MGD. This flow value is much closer to the mean flow over the last 30 years as opposed to the mean flow calculated over the entire flow record period. It is likely that a target phosphorus reduction value of 6,700 lb/year is necessary to attain water quality goals for phosphorus.

The following table shows the mass of phosphorus into and out of the action area based on the 2022 test data and the average annual flow through the USGS monitoring station

**Table 5-2 | Phosphorus Mass Flow in Cedar Creek in 2022**

Location	Mass Flow (lbs/yr)
Into Action area (median P concentration = 0.115 mg/L)	22,750
Discharged from Action area (median P concentration = 0.12 mg/L)	23,740
<b>P Mass increase within Action Area</b>	<b>990</b>

The information contained in Table 5-2 supports the City's efforts to work with farmers both up creek from the City within the action area and outside of the action area. It is not likely that the phosphorus water quality criterion at the pour point of the action area is attainable without significant reduction to the phosphorus concentration flowing into the action area. Over 95% of the phosphorus mass at the pour point may be attributed to the phosphorus mass flowing into the action area.

## 6. Recommended Plan Changes

The changes to NR 102 warrant recommending changes to the approved AM Plan.

The City recommends the following changes to the sampling program as described in the Quality Assurance Project Plan found in the appendix of the AM Plan.

- **Frequency:** The City will collect only one sample each month of the growing season. Each sample will be collected such that no two samples are within 30 days of each other.
- **Collection:** The City will attempt to collect samples under normal flow conditions adhering to the frequency limitation. Should it become necessary to collect samples outside of normal flow conditions, the City will consult with the department on whether to use the department's Phosphorus Mixed Effects Regression calculation method to adjust test results when weather conditions affect sample collection such as during low or high flow conditions. Under no conditions will samples be collected when conditions are not safe.
- **Sample Collection Location:** The City will attempt to collect creek samples from the main channel where the creek flow is the highest. The City is for the most part doing this currently.
- **Data Analysis:** The median value will be calculated from all sample data collected. In addition, a two-sided confidence interval will be calculated for the annual data set using an 80% value.

The City requests confirmation from the department that the recommended changes to the AM plan are acceptable.

## CITY OF CEDARBURG

**MEETING DATE:** March 13, 2023

**ITEM NO:** 8.A.

**TITLE:** Discussion and possible action on claim of excessive assessment from property owners located at W60 N667 Jefferson Avenue

**ISSUE SUMMARY:** On June 29, 2022, the Board of Review met to review and act upon seven (7) objections filed for assessed property values. The Board of Review's function is not one of valuation, but of deciding if the facts presented, under oath before the Board of Review, are valid. All seven hearings resulted in the Board of Review upholding the current assessment of each property. One such property owner, Kevin and Ashley Spexarth, W60 N667 Jefferson Ave, Cedarburg, decided to pursue an appeal of the Board of Review's decision.

- 2021 purchase price of home: \$457,000
- 2021 bathroom renovation: \$24,000
- 2022 assessment: \$427,800
- Homeowner believes assessment should be: \$411,270

**STAFF RECOMMENDATION:** Denial of claim

**BOARD, COMMISSION OR COMMITTEE RECOMMENDATION:** n/a

**BUDGETARY IMPACT:** n/a

**ATTACHMENTS:** Grotta Appraisals method for appraising homes

**INITIATED/REQUESTED BY:** Tracie Sette, City Clerk

**FOR MORE INFORMATION CONTACT:** Tracie Sette (262) 375-7606

- A data file of recently sold properties was created that contains the recent sale prices and physical data about the characteristics that are key in determining value. Such as neighborhood, land size, dwelling size, dwelling style, age, condition, outbuilding, etc.
  - A valuation model was built to value all property in the City of Cedarburg close to 100% of Market Value for the 2022 assessment year.
  - We then applied this valuation model to our file of recently sold properties in the City and repeatedly refined the model until the new assessed values on each sold property closely matches its recent sales price.
  - We then statistically analyze the valuation model to insure uniformity between properties and property classes. We measure aggregate ratio, mean, median, coefficient of dispersion, coefficient of variation, price related differential, etc.
  - We then apply the valuation model to the property descriptions we have on file for all non-sale properties within the municipality and produce a new set of property assessments.
  - We then individually review all properties to make sure that the current assessment seems reasonable considering all factors.
- 
- Markarian Hierarchy states the recent arm's length sale of the subject is the best indication of value. The property sold for more than the 2022 assessed value.
  - Second tier of the Markarian Hierarchy are recent comparable sales that support the current assessment. Those were provided at the 2022 Board of Review and we believe they support the current 2022 assessment.
  - 3<sup>rd</sup> tier information would be all other information regarding estimating market value, not applicable as we have 1<sup>st</sup> and 2<sup>nd</sup> tier information.
  - Adjustments in valuation were in accordance with Chapter 70 of the Wisconsin State Statutes, Wisconsin Property Assessment Manual and procedures of the Assessor's office.
  - The method used to determine value for this property is consistent for all properties in the City of Cedarburg.
- 
- The assessed value is based upon the best evidence available at the time the value was set. It is the recommendation and the opinion of the Assessor's Office that the current assessed value for the 2022 assessment year be sustained.

## CITY OF CEDARBURG

**MEETING DATE:** March 13, 2023

**ITEM NO:** 9.B.

**TITLE:** Discussion and possible action on Sewer Utility Easement Agreement with W61 N518-20 Washington Avenue

**ISSUE SUMMARY:** The Stagecoach Inn is planning to construct a rear yard entertainment building. After the initial design was approved by the Plan Commission, it was noticed that this building was planned on top of a sanitary sewer main. The Stagecoach attempted to modify their design to stay away from the sewer main however those designs were unsuitable for their needs. It was found that no easement existed for the sanitary sewer main, thus the City may not have legal standing to restrict the Stagecoach from building on top of the sanitary sewer. The sanitary sewer main in question has since been lined. It was then decided to draft an easement agreement that would allow the Stagecoach to build over the top of the sewer main as long as they grant the City a sewer easement.

The Sewer Utility Easement Agreement addresses the following items:

- The Stagecoach can build their building over the sanitary sewer main.
- The City agrees to reroute the sewer main off of Stagecoach property at a future date when practical.
- The Stagecoach will install a sanitary sewer manhole just upstream of the proposed building.
- The Stagecoach will indemnify the City of any damages that result on their property due to the sewer existing under their proposed building.

The Stagecoach Inn is also requesting that the City pay for the installation of the sanitary sewer manhole just upstream of their proposed building

**STAFF RECOMMENDATION:** Staff recommends approval.

**BOARD, COMMISSION OR COMMITTEE RECOMMENDATION:** N/A

**BUDGETARY IMPACT:** None.

**ATTACHMENTS:** Sewer Utility Easement Agreement

	<b>SEWER UTILITY EASEMENT AGREEMENT</b>	
Document Number	Document Title	
<p>This Sewer Utility Easement Agreement (“Agreement”) is dated as of the ____ day of _____, 2022, and is made by and between the undersigned, Cedarburg Hospitality, LLC (“Owner”) and the City of Cedarburg, a Wisconsin municipal corporation (“City”).</p>		
		<b>Recording Area</b> Name and Return Address: Michael P. Herbrand, Esq. Houseman & Feind, LLP 1650 Ninth Avenue Grafton, WI 53024 PIN: 13-107-02-10-000

### RECITALS

A. Cedarburg Hospitality, LLC is the owner of real property in the City of Cedarburg, County of Ozaukee, State of Wisconsin, described as follows:

Lot 10, Hilgen, Schroeder and Others Plat of Cedarburg, Ozaukee County, Wisconsin.

Tax Key No. 13-107-02-10-000 (“Property”)

B. The City has requested that the Owner grant a Sewer Utility easement over the Property, within the area hereinafter referred to as the “Easement Area”, described in detail in **Exhibit A**, attached hereto and incorporated herein by reference.

C. A public sewer main already exists on the Property. The City has requested the Easement identified above to commemorate the location, terms and conditions of the public sewer utility easement agreement, as set forth herein.

D. The Owner is willing to grant the City the Easement described herein, subject to the terms and conditions set forth below.

### AGREEMENT

**NOW, THEREFORE**, for good and valuable consideration, the receipt of which is hereby acknowledged, the parties to this Agreement agree as follows:

1. Grant and Term of Easement. Subject to the terms and conditions of this Agreement, the Owner conveys to City, its agents, subcontractors, and employees, a public sewer utility easement over, under and through that portion of the Property described or depicted on the attached **Exhibit A** (the "Easement Area") for the purpose of operating, repairing, and maintaining a public sewer main pursuant to the terms and conditions stated herein.
2. Term of Easement, Owner's Construction of New Building on Property, and Future Relocation upon Replacement.
  - a. Owner shall be allowed to construct its new building, pursuant to the plans and specifications dated \_\_\_\_\_ and approved by City on \_\_\_\_\_ ("New Building"), in the proximity to the Easement Area and location on the Property as depicted on **Exhibit B**, attached hereto and incorporated herein by reference. Prior to or simultaneous with the construction of the ~~n~~New ~~b~~B Building on the Property, Owner shall construct a public manhole, at Owner's sole expense, for access to the sewer main, within the Easement Area as shown on **Exhibit \_\_\_\_**. Owner shall further install, at owner's sole expense, for any lateral required to connect the ~~n~~New ~~b~~B Building to the existing public sewer main. Owner shall indemnify the City, and be financially responsible, for any claims, liability or damages of any kind incurred by the City and related to damage that occurs to the existing public sewer main on the Property arising out of, related in any way to, or as a result of the construction of the ~~n~~New ~~b~~B Building on the Property. The City shall, at its expense, televise the existing public sewer main before and after the completion of the ~~n~~New ~~b~~B Building on the Property, to determine if any damage to the existing sewer line has occurred.
  - b. At such time that the existing sewer main on the Property is in need of replacement, as determined at the sole discretion of the City, then the main shall be replaced within the public right-of-way or such other location not located on the Property ("Relocation"). Owner shall be responsible, at Owner's sole expense, to install any new laterals required to connect the existing buildings on the Property to the relocated sewer main.
3. Access; Parking. City shall have a right of pedestrian and vehicular ingress and egress for its contractors and subcontractors over the Property as reasonably required to access the Easement Areas.
4. Use of Easement Area. Construction vehicles and other equipment shall be maintained on-site only when intended for service on the immediate next business day. No right of use or access to the Owner's building on the Property is granted under this Agreement. City acknowledges and agrees that City is solely responsible for all security for equipment, materials and personnel on the Property pursuant to this Agreement and releases the Owner from any and all liability with respect to same, except for claims arising from Owner's or its invitee's gross negligence or willful misconduct.

5. Restoration; Maintenance. Upon completion of work within the Easement Area, the Utility shall promptly perform surface restoration, including restoration of topsoil to a minimum of original depth and matching original elevations and adjacent grades. All disturbed areas of the Easement Area shall be filled and compacted to original elevations and grades, and patched with new asphalt such as to restore disturbed areas to substantially the condition as existed prior to commencement of the work.
6. Insurance. City shall require that the general contractor working on the Property maintain, commercial general liability insurance in an amount of not less than Three Million Dollars (\$3,000,000) combined single limit, which names the Owner as an additional insured and requires at least 30-days' prior notice to the Owner of any intended cancellation or modification of said policy. Except in the case of an emergency, as determined by the City, a certificate evidencing such insurance coverage shall be furnished to the Owner prior to commencement of work within the Easement Area.
7. Indemnity; Waiver. In consideration of the Owner creating a self-imposed liability in connection with the construction of ~~at~~the New bBuilding on, over, or adjacent to the sewer main and in proximity to the Easement Area, Owner shall indemnify and hold harmless the City, its elected and appointed officials, and its employees (collectively with the City, the "City Parties"), and be financially responsible, for any and all claims, liabilities, damages, demands, suits, proceedings, costs and expenses (including without limitation legal fees), of any kind, nature or description, including but not limited to third party claims, personal injury, including bodily injury or death, property damage or loss, arising out of or relating in any way to, directly or indirectly, the New bBuilding being on, over, adjacent to the sewer main, or in proximity to the Easement Area, but expressly excluding third party claims for property damage or personal injuries not directly incurred or sustained on the Property, including but not necessarily limited to, sewer failure or backup occurring off the Property. Further, in consideration of the Owner creating a self-imposed liability with the construction of the New bBuilding on, over, or adjacent to the sewer main, and in proximity to the Easement Area, the City Parties shall not be liable to Owner and Owner, on behalf of its members, agents, representatives, attorneys, insurers, successors and assigns, hereby forever waives, releases, and discharges all claims against the City Parties for any and all liabilities, damages, demands, suits, proceedings, costs and expenses, of any kind, nature or description, including but not limited to third party claims, personal injury, including bodily injury or death, property damage or loss, arising out of or relating to, directly or indirectly, the New BBuilding being on, over, or adjacent to the sewer main or in proximity to the Easement Area. Such indemnification shall include, without limitation, reasonable attorney's fees and other costs of enforcement and shall survive Relocation.
8. Successors and Assigns. This Agreement shall run with the land described herein and obligations and rights imposed or granted hereunder shall be binding upon the Owner and City, and their respective successors and assigns.

9. Waiver of Chapter 32 Eminent Domain Rights. The Owner, having been fully informed and having received full disclosure of the Owners' rights of appeal, waives the rights of appeal detailed in Chapter 32, Wisconsin Statutes, as part of the consideration for this Agreement. The Owner, having been fully informed of its right to have the above-described easement appraised, and to receive just compensation for the easement granted herein based upon an appraisal, waives the right to an appraisal and does hereby release City from and waive compensation obligations imposed under Chapter 32, Wisconsin Statutes. This waiver and release are binding upon the Owner and its members, successors and assigns.
10. Notice. Any notice required or desired to be given by either party herein to the other shall be in writing and personally delivered, electronically transmitted via facsimile or e-mail, or delivered by nationally recognized commercial overnight courier. Notices personally delivered or electronically transmitted shall be deemed received when given, if prior to 3 PM recipient's local time on a business day, otherwise on the next regularly occurring business day. Notices sent by nationally recognized commercial overnight courier shall be deemed on the next business day following deposit. Either party may change its contact person or information for notices in the same manner above prescribed. Notices shall be addressed as follows.

11. Entire Agreement. This Agreement sets forth the entire understanding of the parties and may not be changed except by written document executed and acknowledged by all parties to this Agreement and duly recorded in the office of the Register of Deeds for Ozaukee County, Wisconsin. If any term or condition of this Agreement or the application of this Agreement to any person or circumstance shall be deemed invalid or unenforceable, the remainder of the Agreement, or the application of the term or condition to the persons or circumstances other than those to which it is held invalid or unenforceable shall be enforced to the fullest extent allowed by law.

12. Enforcement. Enforcement of this Agreement may be by proceedings at law or in equity against any person or persons violating or attempting or threatening to violate any term or condition of this Agreement, either to restrain or prevent the violation or to obtain any other such relief. If any action is brought to enforce this Agreement, the prevailing party in such action shall be entitled to recover all of its costs, including reasonable attorneys' fees, from the nonprevailing party.
13. Invalidation. Invalidation of any of the restrictions or covenants herein contained, or any part thereof, by any judgment or court order shall not affect any of the other provisions herein contained, which shall remain in full force and effect.
14. Governing Law. The Laws of the State of Wisconsin shall apply to and be interpreted as to any dispute arising under this document.
15. Obstruction. Except as permitted herein, no structure, improvements or vegetation shall be installed within the Easement Area that would in any way interfere with the operation or maintenance of the public sewer main installed on, under, or within the Easement Area or the rights granted the City herein. The City shall have the right, but not necessarily the obligation, to remove or trim trees and vegetation within or overlapping the Easement Area, but only as necessary, in its sole discretion, to maintain the public sewer main. In no event may the grade of the Easement Area be altered more than 4 inches.

15.

**IN WITNESS WHEREOF**, the parties hereto have caused this Agreement to be executed on the date and year first above written.

## CITY OF CEDARBURG

**MEETING DATE:** March 13, 2023

**ITEM NO:** 9.C.

**TITLE:** Discussion and possible action on bids received for the 2023 Street and Utility construction contract

**ISSUE SUMMARY:** Staff advertised and received bids for the 2023 Street and Utility construction contract. A total of three bids were received, with the low bid submitted by Dorner Inc. Dorner has successfully completed projects in Cedarburg in the past. Their most recent work in Cedarburg was on the 2022 Street & Utility Project.

Dorner's bid was for \$1,699,506.10, below the engineer's estimate, but just within our budget. The next bid was approximately \$108,000 higher.

**STAFF RECOMMENDATION:** Staff recommends award for the 2023 Street and Utility Construction contract to Dorner Inc., based on their low unit price bid of \$1,699,506.10.

**BOARD, COMMISSION OR COMMITTEE RECOMMENDATION:** The Public Works and Sewerage will review the bids at their March 9<sup>th</sup> meeting.

**BUDGETARY IMPACT:** \$ 1,699,506.10 is within budget, and will be split up between streets, storm sewer, sanitary sewer, and water main budgets.

**ATTACHMENTS:** Bid Tabulation

## CITY OF CEDARBURG

**MEETING DATE:** March 13, 2023

**ITEM NO:** 9.D.

**TITLE:** Discussion and possible action on award of contract for the 2023 Sidewalk Replacement Program

**ISSUE SUMMARY:** Staff advertised and received bids for the 2023 Sidewalk Replacement Program. This contract entails the replacement of sidewalk slabs that have been deemed defective according to City's Sidewalk Replacement Policy. The program focuses on the area bordered by Bridge Road, Evergreen Boulevard and Washington Avenue and spreads to other areas throughout the City due to resident requests.

Four bids were received with low bid being submitted by Chapman Concrete LLC. Chapman concrete has not done work for the City in the past.

Chapman's bid of \$58,950 was below the engineer's estimate and is within budget.

**STAFF RECOMMENDATION:** Staff recommends award of the 2023 Sidewalk Replacement Program Contract to Chapman Concrete LLC based on their low unit price bid of \$58,950.

**BOARD, COMMISSION OR COMMITTEE RECOMMENDATION:** The Public Works and Sewerage will review the bids at their March 9<sup>th</sup> meeting.

**BUDGETARY IMPACT:** \$45,000 was budgeted for sidewalk replacement.

**ATTACHMENTS:** Bid tabulation

**INITIATED/REQUESTED BY:** Mike Wieser

## CITY OF CEDARBURG

**MEETING DATE:** March 13, 2023

**ITEM NO:** 9.E.

**TITLE:** Discussion and possible action on lease agreement with Vantage Financial for Police Department Server.

**ISSUE SUMMARY:** The police department budgeted \$15,000 for a new server for 2023 based on information received in 2022. The lowest cost of the server replacement, after further review of what is required for install and receiving four different quotes, came to \$25,677. This was provided to us by Ontech, who is our current IT provider. The upgrade is necessary since the current server is out of date and has the potential of failing. It stores all the data from the PD which includes body camera footage. To stay within budget and spread out the costs over the life of the server we are requesting to purchase the server through a lease agreement with Vantage Financial. Vantage Financial was chosen based on their previous work with the City on the lease of the grapple saw truck for the forestry department.

**STAFF RECOMMENDATION:** Staff recommends leasing the server.

**BOARD, COMMISSION OR COMMITTEE RECOMMENDATION:** None

**BUDGETARY IMPACT:** The annual budgetary impact is \$5,508.

Cost of Server \$25,677

Annual Lease Amount: \$5,508

Term: 60 months

**ATTACHMENTS:** None

## **RESOLUTION NO. 2023-06**

### **RESOLUTION PROVIDING FOR THE SALE OF NOT TO EXCEED \$2,725,000 GENERAL OBLIGATION COMMUNITY DEVELOPMENT BONDS, SERIES 2023A**

WHEREAS, the City of Cedarburg, Ozaukee County, Wisconsin (the "City") has adopted an initial resolution (the "Initial Resolution") authorizing the issuance of \$2,725,000 general obligation bonds for the public purpose of providing financial assistance to community development projects under Section 66.1105, Wisconsin Statutes, by paying project costs included in the project plan for the City's Tax Incremental District No. 7 (the "Project"); and

WHEREAS, the Common Council hereby finds and determines that the Project is within the City's power to undertake and therefore serves a "public purpose" as that term is defined in Section 67.04(1)(b), Wisconsin Statutes.

NOW, THEREFORE, BE IT RESOLVED by the Common Council of the City that:

Section 1. Issuance of the Bonds. The bonds authorized by the Initial Resolution shall be designated "General Obligation Community Development Bonds, Series 2023A" (the "Bonds") and the City shall issue Bonds in an amount not to exceed \$2,725,000.

Section 2. Sale of the Bonds. The Common Council hereby authorizes and directs that the Bonds be offered for public sale. At a subsequent meeting, the Common Council shall consider such bids for the Bonds as may have been received and take action thereon.

Section 3. Notice of Sale. The City Clerk (in consultation with Ehlers & Associates, Inc. ("Ehlers")) be and hereby is directed to cause notice of the sale of the Bonds to be disseminated in such manner and at such times as the City Clerk may determine and to cause copies of a complete Notice of Sale and other pertinent data to be forwarded to interested bidders as the City Clerk may determine.

Section 4. Official Statement. The City Clerk (in consultation with Ehlers) shall cause an Official Statement to be prepared and distributed. The appropriate City officials shall determine when the Official Statement is final for purposes of Securities and Exchange Commission Rule 15c2-12 and shall certify said Official Statement, such certification to constitute full authorization of such Official Statement under this resolution.

Section 5. Reimbursement. The Common Council hereby officially declares its intent pursuant to Treasury Regulation Section 1.150-2 to reimburse any expenditures made in connection with the Project with the proceeds of the Bonds in an amount not to exceed \$2,725,000 prior to the issuance of the Bonds.

Adopted, approved and recorded March 13, 2023.

**RESOLUTION NO. 2023-07**

**RESOLUTION DIRECTING PUBLICATION OF NOTICE TO ELECTORS  
RELATING TO BOND ISSUE**

WHEREAS, an initial resolution authorizing general obligation bonds has been adopted by the Common Council of the City of Cedarburg, Ozaukee County, Wisconsin (the "City") and it is now necessary that said initial resolution be published to afford notice to the residents of the City of its adoption;

NOW, THEREFORE, BE IT RESOLVED that the City Clerk shall, within 15 days, publish a notice to the electors in substantially the form attached hereto in the official City newspaper as a class 1 notice under ch. 985, Wis. Stats.

Adopted, approved and recorded March 13, 2023.

## CITY OF CEDARBURG

**MEETING DATE:** March 13, 2023

**ITEM NO:** 7.J.

**TITLE:** Discussion and possible action on “No Mow May”

**ISSUE SUMMARY:** Cities and Villages across Wisconsin are adopting “No Mow May” to protect the endangered honeybee and bumblebee population. May is when pollinators emerge from hibernation. By not mowing the grass, bees find clover, dandelions, and other flowering plant to feed from. Our current ordinance Sec. 8-1-7 does not allow lawns, grasses, and noxious weeds to grow in excess of (8) inches. By approving “No Mow May” the City would temporarily allow *only residential areas* to grow their lawns in excess of 8”. The public facilities, including parks, will continue to be maintained to normal standards.

**STAFF RECOMMENDATION:** None

**BOARD, COMMISSION OR COMMITTEE RECOMMENDATION:** None

**BUDGETARY IMPACT:** None

# What you need to know about No-Mow May, the bee-boosting trend sweeping Wisconsin

More communities are encouraging residents to put away their lawnmowers for next month to help pollinator populations grow

By Rob Mentzer

ListenDownload

Two years ago, Appleton became the first city in the U.S. to adopt "No-Mow May," an initiative designed to boost the population of bees and other pollinators.

The idea is to give homeowners the option of letting their lawns get a bit overgrown for a few weeks to ensure that bees that are coming out of hibernation have plenty of options for the nectar and pollen they need.

The initiative, which is optional everywhere it's been implemented, requires cities to temporarily waive enforcement of ordinances that require homeowners to maintain their lawns.

In Appleton in 2020, No-Mow May was met with success, and other cities including Wausau, Oshkosh, Fort Atkinson and Stevens Point adopted the idea the following year.

And like dandelions on an unmown lawn, this year the idea has spread even farther. No-Mow May will be observed in De Pere, Wisconsin Rapids, La Crosse and other Wisconsin communities, as well as more distant places such as Ann Arbor, Michigan; Bangor, Maine; and New York's Hudson Valley.

## **What's the point of No-Mow May?**

"Bees, and insects in general, are in a bit of a slump right now," said Israel Del Toro, a biology professor at Appleton's Lawrence University.

Studies have shown steep declines in wild bee populations in the 21st century. It's a serious enough problem that the United Nations characterizes it as a threat to the global food supply.

Del Toro, who encountered the concept of a No-Mow May from an environmentalist group in the United Kingdom, was the driving force behind

Appleton's pioneering initiative. There are many factors that are hurting bee populations, he said, including climate change and irresponsible uses of pesticides and herbicides.

But in his view, the biggest stressor is habitat loss.

No-Mow May ensures that bees and other pollinators have plentiful food sources as they come out of hibernation. Del Toro has also worked with the city of Appleton and Lawrence University to establish places in parks and public spaces that could be havens for native plants to support pollinators all summer long.

*Danny Perez Photography (cc/by/nc/nd)*

It's also worth noting that the pollinators most affected are not the bees most people know. There are more than 500 species of bees, and unlike honey bees or bumblebees, most of them don't live in colonies.

"They're solitary little organisms," Del Toro said, and they do "the vast majority of pollinating in our urban ecosystems and in our agricultural ecosystems."

### **Does No-Mow May actually make a difference?**

The evidence that No-Mow May works to boost local pollinator populations is striking.

Del Toro's research in **Appleton's** first year of the program with fellow Lawrence University professor Relena Ribbons found a fivefold increase in the number of pollinators and a threefold increase in pollinator species diversity in the spaces. Del Toro said they expected to see populations increase, but that was a "staggering difference."

### **What if I love mowing my lawn, or just can't stand the grass looking messy?**

Not everyone likes a shaggy lawn. In Appleton, the first year of No-Mow May did coincide with an increase in complaints to the city.

This year, Ruth Ludwig, a member of the Superior City Council, brought forward a No-Mow May resolution there; the council will vote on it on Tuesday. Ludwig is a master gardener and loves watching the bees find flowers in her yard. But even in her own household, not everyone is completely sold on No-Mow May.

"My husband is one of those," she said. "He likes getting all the weeds out of the lawn. For him, it is therapeutic; he'll spend an afternoon pulling the weeds. In the spring, I do have to fight with him: 'Keep those dandelions. Let them grow, so it feeds the bees.'"

People pass by vast numbers of blossoming dandelions in a public park in Frankfurt, Germany, Thursday, May 3, 2018. *Michael Probst/AP Photo*

Del Toro said there is plenty of room for compromise. People can plant native flowers or allow growth only in parts of their yards. They can set up bee hotels, designed as habitats for solitary species like the leafcutter bee. And they can simply reduce their own use of pesticides, herbicides and fertilizers that can play a role in harming bee populations.

"By all means, if it's really driving you crazy, and it's really hurting you to watch those flowers grow in your yard, go ahead and mow," Del Toro said. "There are plenty of other ways for you to get involved and participate."

## **My community doesn't have No-Mow May. How can I help the bees?**

Bee City USA, an initiative of the Xerces Society for Invertebrate Conservation, offers advice for people who want to support bees without running afoul of local ordinances. One is to "maintain a mowed buffer" that separates your lawn from your garden.

"Maintaining a tidy mowed edge also makes a busy natural planting look less overwhelming, and makes these spaces look intentional rather than neglectful," the nonprofit writes.

Bee City USA also recommends engaging your local city council to see whether an optional No-Mow May program might work in your community.

For Del Toro, the broader goal is to make people aware that each of us can find ways to help bees.

"It's much more than just not mowing," Del Toro said. "It's also thinking actively about pollinator conservation, and all the little habits we can get rid of that maybe are hurting pollinators."

---

### **Sec. 8-1-7 Regulation of length of lawn and grasses.**

- (a) *Purpose.* This section is adopted due to the unique nature of the problems associated with lawns, grasses and noxious weeds being allowed to grow to excessive length in the City of Cedarburg.
- (b) *Public nuisance declared.* The common council finds that lawns, grasses and noxious weeds on lots or parcels of land which exceed eight inches in length adversely affect the public health and safety of the public in that they tend to emit pollen and other discomforting bits of plants, constitute a fire hazard and a safety hazard in that debris can be hidden in the grass, interferes with the public convenience and adversely affects property values of other land within the city. For that reason, any lawn, grass or weed on a lot or other parcel of land which exceeds eight inches in length is hereby declared to be a public nuisance. An exception to the height requirement will be allowed for property located in designated floodplain areas, drainageways and/or wetland areas or where the lawn, grass or weed is part of a natural lawn approved pursuant to Section 8-1-6 above.
- (c) *Nuisances prohibited.* No person, firm or corporation shall permit any public nuisance as defined in subsection (b) above to remain on any premises owned or controlled by him within the city.
- (d) *Inspection.* The Weed Commissioner or his designee shall inspect or cause to be inspected all premises and places within the City to determine whether any public nuisance as defined in Subsection (b) above exists.
- (e) *Abatement of nuisance.*
  - (1) If the weed commissioner shall determine with reasonable certainty that any public nuisance as defined in subsection (b) above exists, he shall immediately cause written notice to be served that the city proposes to have the lot grass or lawn cut so as to conform with this section and section 8-1-5.
  - (2) The notice shall be served at least seven days prior to the date of the city's date of action to have the grass or lawn cut and shall be mailed or served on the owner of the lot or parcel of land or, if he is not known and there is a tenant occupying the property, then to the tenant, of the time and place at which the hearing will be held.
- (f) *Due process hearing.* If the owner believes that his grasses or weeds are not a nuisance, he may request a hearing before the common council. The request for said hearing must be made in writing to the city clerk's office within the seven days set forth in the weed commissioner's notice. Upon application for the hearing, the property owner must deposit a \$25.00 bond. If a decision is rendered in the property owner's favor, the \$25.00 will be returned to the property owner. If the property owner fails to appear for the hearing or if the decision is rendered against the property owner, the deposit shall be forfeited and applied to the cost of city personnel abating the nuisance, if necessary. When the owner of the property requests a hearing, a hearing by the common council shall be held within 14 days from the date of the owner's request. The city will not mow the property in question until such time as the council holds the hearing. At the hearing, the owner may appear in person or by his attorney, may present witnesses in his own behalf and may cross-examine witnesses presented by the city as well as subpoena witnesses for his own case. At the close of the hearing, the common council shall make its determination in writing specifying its findings, facts, and conclusions. If the common council determines that a public nuisance did exist, the council shall order the weed commissioner to mow the property in question unless the property has been mowed by the owner within 48 hours of the common council's decision. If the owner does not abate the nuisance within the described 48 hours, the weed commissioner shall cause the same nuisance to be abated and cost in excess of the forfeited fee assessed accordingly.
- (g) *City's option to abate nuisance.* In any case where the owner, occupant or person in charge of the property shall fail to cut his lawn, grass or weeds as set forth above, then, and in that event, the city may elect to cut said lawn, grass or weeds as follows:

- 
- (1) The written notice required in subsection (e) shall inform said person that in the event of his failure to abate the nuisance within the prescribed time, the city shall abate the same and the cost thereof shall be assessed to the property owner as a special charge.
  - (2) the city shall cut or cause to be cut all grass and weeds from the subject's property and shall charge the expenses of so doing at a rate as established by resolution by the common council. The charges shall be set forth in a statement to the city clerk who, in turn, shall mail the same to the owner, occupant or person in charge of the subject premises. If said statement is not paid in full within 30 days thereafter, the city clerk shall enter the charges in the tax roll as a special tax against said lot or parcel of land, and the same shall be collected in all respects like other taxes upon real estate, or as provided under Wis. Stats. § 66.615(3)(f).

(Ord. No. 2014-06)

**CITY OF CEDARBURG  
COMMON COUNCIL  
FEBRUARY 27, 2023**

A meeting of the Common Council of the City of Cedarburg, Wisconsin, was held on Monday, February 27, 2023, at City Hall, W63 N645 Washington Avenue, second floor, Council Chambers, and online utilizing the Zoom app.

Acting Mayor Patricia Thome called the meeting to order at 7:00 p.m. A moment of silence was observed, and the Pledge of Allegiance was recited.

Roll Call: Present - Council Members Jack Arnett, Kristin Burkart, Patricia Thome, Robert Simpson (7:08 p.m.), Melissa Bitter, Rick Verhaalen, Mark Mueller

Excused - Mayor Michael O’Keefe

Also Present - City Administrator Mikko Hilvo, Attorney Michael Herbrand, City Clerk Tracie Sette, Director of Engineering and Public Works Michael Wieser, Fire Chief Jeffrey Vahsholtz, interested citizens and news media.

**STATEMENT OF PUBLIC NOTICE**

At Acting Mayor Thome’s request, City Clerk Sette verified that notice of this meeting was provided to the public by forwarding the agenda to the City’s official newspaper, the *News Graphic*, to all news media and citizens who requested copies, and by posting in accordance with the Wisconsin Open Meetings Law. Citizens present were welcomed and encouraged to provide their input during the citizen comment portion of the meeting.

Council Member Thome stated that as Acting Mayor, she would retain her right to vote as Council Member of the 6<sup>th</sup> Aldermanic District.

**COMMENTS AND SUGGESTIONS FROM CITIZENS** - None

**DISCUSSION AND POSSIBLE ACTION ON CLAIM OF EXCESSIVE ASSESSMENT FROM PROPERTY OWNERS LOCATED AT W60 N667 JEFFERSON AVENUE**

City Attorney Herbrand summarized Mr. Spexarth’s claim of excessive assessment. The Board of Review heard testimony from Mr. Spexarth and Grotz Appraisals at the annual Board of Review meeting held June 29, 2022. Ultimately, the Board of Review upheld the appraised value. The owner purchased the home in 2021. The home is currently assessed for approximately \$29,000 less than the 2021 purchase price. The homeowner suggested the appraised value should be an additional \$16,000 lower. Staff is recommending denial of the claim. Attorney Herbrand explained if the Council upholds the City’s assessment, Mr. Spexarth’s next course of action would be to appeal to Circuit Court.

Mr. Spexarth addressed the Council with his concerns that he was singled out due to the recent home purchase. He would like more information about how City assessments are calculated.

Administrator Hilvo explained that Grota Appraisals developed a software package to aid in calculating home values.

The Council suggested Mr. Spexarth meet with Grota Appraisals to gain answers to his questions.

A motion was made by Council Member Arnett, seconded by Council Member Simpson, to postpone any action on this item until the March 13, 2023 Council meeting. Motion carried without a negative vote.

**DISCUSSION AND POSSIBLE ACTION ON PURCHASING BUILDING INSPECTION SOFTWARE WITH ARPA FUNDS**

The Building Inspection Department has been researching the possibility of switching to a cloud-based building inspection platform to streamline inspections. With the increase in the number of building inspections the City is currently experiencing, this will:

- Allow permits to be submitted online and help decrease the number of residents and contractors required to stop at City Hall to apply for permits.
- Decrease the large volume of calls that come into the Department daily for scheduling of inspections.
- Allow inspectors in the field to have access to all documents related to the issued permit and/or the resident's folder.
- Allow homeowners/contractors to see the results of their inspection in real time.
- Allow data entry for permit to be issued only once. Currently, data related to permits is entered multiple times.

City staff researched several platforms and decided *CivicGov* will be most effective for the City. It is the same company that is utilized for the City website, MuniCode ordinance software, and citizen request (seeclckfix) services. The program will allow for building inspection management, Code enforcement management, and online payment processing for inspections.

A motion was made by Council Member Verhaalen, seconded by Council Member Mueller, to approve the use of ARPA funds to purchase Building Inspection Software not to exceed \$8,250. Motion carried without a negative vote.

**DISCUSSION AND POSSIBLE ACTION ON AWARD OF ENGINEERING DESIGN CONTRACT WITH RA SMITH FOR THE UPGRADE OF KENZIE LIFT STATION**

RA Smith completed preliminary plans for the upgrade of Kenzie Lift Station as part of the Hwy 60 Business Park design contract. This contract will take the design from the preliminary stage and provide the final bid documents, including plans, specifications, and cost estimates. In addition, this contract includes bidding assistance and shop drawing reviews.

A motion was made by Council Member Burkart, seconded by Council Member Verhaalen, to award the engineering design contract to RA Smith for the upgrade of the Kenzie Lift Station, not to exceed \$17,000. Motion carried without a negative vote.

**CONSENT AGENDA:**

A motion was made by Council Member Burkart, seconded by Council Member Simpson, to approve the following consent agenda items. Motion carried without a negative vote.

- February 13, 2023 Common Council meeting minutes
- New 2022-2023 Operator Licenses for period ending June 30, 2023 for Luke Biedermann, Gabriel C. Capelle, and Michael R. Talentowski
- Payment of bills dated 02/10/2023 through 02/17/2023, transfers for the period 02/10/2023 through 02/24/2023, and payroll for period 02/05/2023 through 02/18/2023

### **ADMINISTRATOR'S REPORT**

In addition to the City Administrator's report included in the Council packet, the City Administrator will be attending the Wisconsin City Manager's Association (WCMA) conference this week in Fond du Lac, Wisconsin.

### **BUILDING INSPECTION REPORT**

The Building Inspection Report was included in the Council packet.

### **COMMENTS AND SUGGESTIONS FROM CITIZENS** – None

### **COMMENTS AND ANNOUNCEMENTS BY COUNCIL MEMBERS**

Council Member Arnett explained the Finance Committee researched a new method of investing in short term bonds and will be bringing this item to a future Council meeting. He also mentioned the Parks, Recreation, & Forestry Board approved of planting cherry blossom trees in the City this spring.

### **MAYOR'S REPORT**

Acting Mayor Thome encouraged the Council to attend an Emergency Management Services event taking place on March 25 as well as the Cedarburg Fire Department awards taking place on April 15.

### **ADJOURN TO CLOSED SESSION**

A motion was made by Council Member Burkart, seconded by Council Member Arnett, to adjourn to closed session at 7:37 p.m. pursuant to State Statute 19.85 (1)(e) to deliberate or negotiate the purchase of public properties, the investing of public funds, or conducting other specified public business, whenever competitive or bargaining reasons require a closed session. More specifically discussed was a possible Dish Cell Tower Agreement, the concept of a shared services agreement for Fire/EMS services with the Town of Cedarburg, and approval of closed session minutes from the February 13, 2023 Council meeting. Motion carried on a roll call vote with Council Members Bitter, Arnett, Verhaalen, Simpson, Thome, Mueller, and Burkart voting aye.

### **RECONVENE TO OPEN SESSION**

Open Session reconvened at 8:45 p.m.

### **DISCUSSION AND POSSIBLE ACTION ON DISH CELL TOWER LEASE AGREEMENT**

A motion was made by Council Member Arnett, seconded by Council Member Simpson, to approve the Dish cell tower lease agreement, subject to final review and approval by City staff and outside engineers. Motion carried without a negative vote.

**ADJOURNMENT**

A motion was made by Council Member Arnett, seconded by Council Member Verhaalen, to adjourn the meeting at 8:48 p.m. Motion carried without a negative vote.

Tracie Sette  
City Clerk

## City Administrator's Report

March 9, 2023

### Department News

*The following information is provided to keep the Common Council and staff informed on some of the activities and events of the City. Points of clarification may be addressed during the City Administrator's Report portion of the agenda; however, if discussion of any of these items is necessary, placement on a future Council agenda should be directed.*

**Engineering & Public Works**— Bids have been received for the 2023 Street & Utility Project and Sidewalk program. Director Wieser is working on the Stormwater annual report that is due at the end of March.

The Public Works crew is working on tree removals and pruning, along with appliance pick ups.

**Water Recycling Center**— Work is continuing on the facility plan, to help determine if the plant should be upgraded or a new facility should be built. The Plan should be presented in May or June. The Adaptive Management report will be sent to the DNR this month. There is an opening for an operator at the Center.

**Building Inspection**—The cemetery house is vacant. The Department received four applications for cutting the lawn at Zur Ruhe Cemetery.

**Light & Water**—The Department is working on their year-end audit. The water rate increase hearing (approximately 18%) was held at the end of February.

**Fire**— Nine interviews were held on Wednesday and Thursday this week for two full-time paramedic positions. The City will have an oversight agreement with the Southern Ozaukee Department until the City is able to apply for their own program in four years.

**Clerk**—The Department is beginning the liquor and operator licensing process for the 2023-2024 licensing year. Preparations are underway for the April 2023 Spring Election.

**Library**— There was a roof leak at the Library and will require a sealant update to the roof in spring. Director Pierschalla is working on performance reviews.

**Treasurer**— This is a payroll week. The annual audit is taking place this week. Robin VanDinter has accepted the Administrative Assistant position for the Building Inspection/Public Works Department. An ad will be placed for an Accounts Receivable/Payroll Assistant to work at the front desk in the near future.

**Administrator**— Mayor O'Keefe, Council President Thome, Planner Censky, and I met with a Developer that has interest in a lot in the Business Park. Plans have been submitted for Town Homes in The Fox Run Development.

Respectfully submitted,

Mikko Hilvo
