COMMENTS AND SUGGESTIONS FROM CITIZENS - None

UNFINISHED BUSINESS

CONSIDER AND DISCUSS THE PROPOSED 2018 CITY BUDGET; AND DIRECTION OR ACTION THEREON

City Administrator/Treasurer Mertes explained that the following changes were made to the budget since the public hearing on October 31, 2017:

1. Removed revaluation funding of \$10,000 in General Fund;
2. Removed electronic document software of \$14,000 in General Fund;

3. Reduced Parks, Recreation and Forestry tree planting account by \$11,885 in General Fund;
4. Removed \$5,000 Riveredge Funding for storm water education and activities;
5. Reduced Emergency Management vehicle budget by \$20,000 in Capital Improvements;
6. Removed 911 upgrade and moved \$40,000 to 2019 Capital Improvements;
7. Moved one squad replacement of \$30,000 to 2020 in Capital Improvements;
8. Moved Fire Department flag pole and planter project for \$40,000 to 2019 Capital Improvements;
9. Moved standing mower of \$8,000 to 2019 Capital Improvements;
10. Reduced Library levy by \$10,000.

The total reduction is \$188,885.

With these changes to the budget the 2018 tax rate will be \$7.48/\$1,000 of assessed value, or a 0.3% increase. For the average valued home of \$276,000 that amounts to \$5.52.

City Administrator/Treasurer Mertes explained that the Public Works and Sewerage Commission recently asked for recodification of Title 6 of the City Code. She asked the Common Council if they would want to do a full recodification for approximately \$15,000. It was the consensus of the Common Council not to add a full recodification to the budget.

Council Member Dieffenbach explained that the Friends of the Library work hard for the Library and he asked that the \$10,000 be restored to the Library budget.

Council Member Czarnecki said that \$1.4 million is being allocated to the Library. He added that \$10,000 is a modest amount to remove from the budget, as all Departments did their part to balance the budget for a minimal increase to the taxpayers.

In answer to Council Member Thome's question, City Administrator/Treasurer Mertes stated that \$10,000 is being removed from the Library's Fund Balance. The Library will have \$4,900 at the end of 2017. She stated that Library Director Pierschalla is concerned about any unforeseen expenses; however, a budget amendment can be done if needed.

In answer to Council Member Dieffenbach's question, City Administrator/Treasurer Mertes stated that the \$212,892 State of Wisconsin tax reduction shown in the budget is because there is no longer a State tax levy for 2018.

Council Member Arnett expressed appreciation and thanked the Departments for helping to reduce the total budget by \$189,000.

In answer to Council Member Verhaalen's questions, City Administrator/Treasurer Mertes confirmed that the Debt Service levy is how much the City levies taxes to pay off debt and stated that this is the principle and interest payments for 2018. This amount is higher because she had used proceeds from the savings on the Library construction and the sale of the former library building to offset the amount the last couple of years. This year also includes the borrowing for the DPW facility. Finally, this does not include any proposed debt from the TIF for Amcast. If the City borrows for this project next year, there will not be any interest or principal payments until the following year.

Council Member Thome said that she appreciates the effort everyone made in balancing the budget; however, she reiterated that the Council needs to be reminded that they are just pushing items forward into the coming years.

In answer to Council Member Czarnecki's question, City Administrator/Treasurer Mertes stated that the annual Amcast cost in 2019 will be approximately \$200,000 - \$250,000.

Council Member Dieffenbach stated that he can accept a 2.4% levy increase; however, he is concerned about a report that he received from the United Way stating that approximately 1/3 of the households in Cedarburg are below what is considered the poverty level. He thanked the Departments for their efforts in lowering the tax rate.

It was the consensus of the Common Council to approve the proposed budget for 2018 on November 27.

NEW BUSINESS

CONSIDER AWARD OF ENGINEERING DESIGN CONTRACT FOR THE 2018 STREET AND UTILITY PROJECT; AND ACTION THEREON

Director Wiza explained that staff requested proposals from a total of four engineering consulting firms for design of the 2018 Street and Utility Project. A detailed Request for Proposal (RFP) was sent to each firm, and the scope of work was well defined. Three of the four firms submitted responsive proposals, and the lowest overall fee for services was submitted by M-Squared Engineering of Cedarburg. The Public Works and Sewerage Commission met on November 9 and recommended awarding the contract to M-Squared for \$34,965.

In answer to Council Member Czarnecki's question, Director Wiza stated that M-Squared has successfully completed engineering services for the street project for the last three years.

Motion made by Council Member Arnett, seconded by Council Member O'Keefe, to award the engineering design contract for the 2018 Street and Utility project to M-Squared Engineering in the amount of \$34,965. Motion carried without a negative vote with Council Member Regenfuss excused.

CONSIDER ORDINANCE NO. 2017-23 REPEALING AND RECREATING SEC. 5-2 OF THE MUNICIPAL CODE OF ORDINANCES RELATING TO FIRE PREVENTION AND PROTECTION; AND ACTION THEREON

Fire Chief Vahsholtz explained that the Fire Code was last updated in 1992 and many things have changed. He received guidance from retired Assistant Fire Chief Marty King from West Allis who was in charge of their entire inspection bureau and inspections in West Allis including State Fair Park. Mr. King also teaches code inspection and works with the National Sprinkler Association in Wisconsin. He met with Fire Chief Vahsholtz and Fire Inspector Koeppen several times and did 98% of the work on the Code revision by bringing it up to today's standards with proper terminology. Fire Inspectors Koeppen and Karnitz and Chief Vahsholtz added some items that are specific to Cedarburg, such as requiring a Knox Box on commercial buildings. He recommended that the new Code be adopted, as it will be a very good tool for the City.

Fire Chief Vahsholtz explained that the State changed some of its rules a few years ago. The City of Cedarburg was very restrictive due to our historic nature and lost some items when the State decided to make the Code standard across the board. However, it made it easier for the builders coming into a community.

In answer to Council Member Verhaalen's question, Fire Chief Vahsholtz stated that the revisions to the City Code mirror all of the State Codes. The terminology is updated to meet the State Code.

In answer to Council Member Czarnecki's questions, Fire Inspector Karnitz explained that the State has made the Code requirements the same across all communities. A few items specific to Cedarburg are that no grills are allowed on the second floor balconies or above and the Knox Box requirement. Electric grills are okay because they are not as dangerous as propane or charcoal grills.

In answer to Council Member Dieffenbach's question, Fire Inspector Karnitz stated that he did not know of anything in the City Code that would prevent a developer from building in Cedarburg. The new Code states that all new commercial buildings would require a Knox Box (key vault) for approximately \$350.

Fire Chief Vahsholtz stated that there is a provision in the current Code that states if they had a sprinkler system in the building they had to provide a Knox Box. The sprinkler requirements have been lessened and the Fire Department is now requiring a Knox Box to prevent any damage entering a building. They also added language as to where the Fire Department would like the control panel for the alarm system located. They have no control over the actual building itself and how it is physically built.

Fire Inspector Karnitz stated that there is an appeal section in the Code for the requirement to have a Knox Box.

In answer to Council Member Arnett's question, Fire Chief Vahsholtz stated that the building portion of the Code is at the State level and the City cannot make it more restrictive. The Code was reviewed by City Attorney Herbrand and it meets all of the requirements.

Mayor Kinzel explained that the City does not want to be at a competitive disadvantage. Fire Chief Vahsholtz confirmed that the City will not be at a disadvantage.

Council Member Arnett asked if the updated Fire Code allows for any flexibility for using new technology or anything other than water to relieve some of the expense required for a business to expand to the second floor.

Fire Inspector Karnitz stated that the type of fire protection system is driven by the National Fire Protection Association Code and the IVC, which are both adopted by the State of Wisconsin. A dry chemical system is not common; however, in certain situations they may be allowed.

Council Member Arnett said that he would like the City to be able to look at something else if it is safe, cost effective and protects the buildings and lives.

Fire Inspector Karnitz stated that the City cannot be more restrictive than the State.

In answer to Council Member Verhaalen's question regarding inspections and inspection fees, Chief Vahsholtz stated that the Fire Department can only inspect commercial and common areas such as hallways in apartment buildings and not private residences. The inspection fee has been in the Code for many years to make it easier for the City to recoup monies. It has been changed from charging by specific occupancy to square footage in this revision.

City Attorney Herbrand stated that the inspection fees only refers to required inspections and does not include private homes.

Motion made by Council Member O'Keefe, seconded by Council Member Dieffenbach, to adopt Ordinance No. 2017-23 repealing and recreating Sec. 5-2 of the Municipal Code or Ordinances relating to Fire Prevention and Protection. Motion carried without a negative vote with Council Member Regenfuss excused.

CONSIDER PAYMENT OF BILLS FOR THE PERIOD 10/27/17 THROUGH 11/03/17, TRANSFERS FOR THE PERIOD 10/28/17 THROUGH 11/09/17, AND PAYROLL FOR THE PERIOD 10/22/17 THROUGH 11/04/17; AND ACTION THEREON

Motion made by Council Member Czarnecki, seconded by Council Member Arnett, to approve the payment of bills for the period 10/27/17 through 11/03/17, transfers for the period 10/28/17 through 11/09/17, and payroll for the period 10/22/17 through 11/04/17. Motion carried without a negative vote with Council Member Regenfuss excused.

CONSIDER LICENSE APPLICATIONS; AND ACTION THEREON

Motion made by Council Member O'Keefe, seconded by Council Member Dieffenbach, to approve a new Operators License application for the period ending June 30, 2018 for Polly H. Partain. Motion carried without a negative vote with Council Member Regenfuss excused.

ADMINISTRATOR'S REPORT

City Administrator/Treasurer Mertes thanked the Department Heads for helping her balance the budget. The auditors will be at City Hall next week to start the preliminary audit.

COMMENTS AND SUGGESTIONS FROM CITIZENS - None

COMMENTS & ANNOUNCEMENTS BY COUNCIL MEMBERS

Council Member Dieffenbach asked why the room tax was shown at 58% in the Quarterly Report. City Administrator/Treasurer Mertes explained that room tax was not due until the end of October and will show an increase at year end.

In answer to Council Member Dieffenbach's question, City Administrator/Treasurer Mertes explained that the Personnel Committee will meet every other month, starting in February, as directed by the Common Council, to discuss health insurance benefits.

Council Member Arnett explained that the Branding Committee will be sending out invitations to participate in the branding process. The website went live today and can be viewed at: www.brandingcedarburgwi.com to follow the process.

CITY OF CEDARBURG

MEETING DATE: November 27, 2017

ITEM NO: 8. A.

TITLE: Consider Ordinance No. 2017-24 amending Sec. 13-1-56(c) of the Zoning Code to add “Warehousing” as a permitted Accessory Use in the B-4 Office and Service District; and action thereon (Plan Comm. 11/06/17)

ISSUE SUMMARY: A review of our records indicates that back in 1993 when Mr. Voight received approval for an addition to the Energenecs building at W59 N249 Cardinal Avenue, his plans included a loading dock and an open area within the building identified as equipment staging and shelving (i.e., warehousing). Unfortunately that area of the building was not interpreted as warehousing during the approval process and consequently this subordinate use was approved and has existed since 1993. However, since warehousing is not listed as a permitted use, an accessory use or a conditional use in the B-4 Office and Service District, it is not technically permitted. Accordingly, Mr. Voigt is requesting this zoning text amendment to legitimize the limited warehousing use of this structure.

Staff notes that without this text change, the applicant owns a building that was constructed in accordance with approved plans but includes an element dedicated to a use which is not permitted by Code. Mr. Voight is now trying to sell this building and staff cannot legally respond to potential buyers that the use is permitted. Accordingly, the intent of this request is to alleviate that problem by listing “limited warehousing” as an accessory use in the B-4 which, by definition, would need to be tied to either a principal use permitted by right or as a conditional use. Accessory uses are defined as uses that are subordinate to the principal use of a structure serving a purpose customarily incidental to the principal use. Warehousing as a stand-alone principal use would not be permitted.

STAFF COMMENTS AND RECOMMENDATION: Staff recommends approval.

BOARD, COMMISSION OR COMMITTEE RECOMMENDATION: At their November 6, 2017 meeting, the Plan Commission unanimously recommended approval of Ordinance No. 2017-24.

ORDINANCE NO. 2017-24

**An Ordinance Amending Section 13-1-56(c) of the
Zoning Code Adding Warehousing as a
Permitted Accessory Use in the B-4 Office and Service District**

The Common Council of the City of Cedarburg, Wisconsin, hereby ordains as follows:

SECTION 1. Section 13-1-56(c) of the City of Cedarburg Municipal Code is hereby amended to read as follows:

SEC 13-1-56 B-4 OFFICE AND SERVICE DISTRICT.

- (c) **SEC 13-1-56 PERMITTED ACCESSORY USES.**
(7) Warehousing

SECTION 2. Effective Date. This ordinance shall take effect upon passage and publication as provided by law.

Passed and adopted this 27th day of November, 2017.

CONSIDER AMENDMENT TO THE B-4 DISTRICT TO ALLOW WAREHOUSING AS AN ACCESSORY USE – DONALD VOIGT

Planner Censky explained that Donald Voigt, a property owner in the B-4 Office and Service District, is requesting a zoning text amendment to add warehousing to the list of permitted accessory uses in the B-4 District. Accessory uses are defined as uses that are subordinate to the principal use of a structure serving a purpose customarily incidental to the principal use. Accordingly, accessory uses are only permitted if the principal use already exists or is approved in conjunction with the principal use.

Mr. Voigt is requesting this text amendment to legitimize the limited warehousing use of his existing structure. Planner Censky noted that this warehousing use was actually shown on Mr. Voigt's plans back in 1993 when he received approval for an addition that included a loading dock for vans and semi-trucks delivering to an open area identified in the plans as equipment staging and shelving (i.e., warehousing). Mr. Voight is now trying to sell his property and without this zoning text change, he cannot advertise or use that portion of the building for warehousing. Moreover, enforcement of that restriction going forward would be highly difficult. Accordingly, the intent of this request is to alleviate that problem by listing "limited warehousing" as an accessory use in the B-4 District that would need to be tied to either a use permitted by right or a conditional use. Warehousing as a stand-alone principal use would not be permitted.

The reason this change is needed is that City staff cannot legally respond to potential buyers that, even though the building was approved and ultimately constructed with limited warehousing, the use is permitted. While this change is to accommodate the use of an existing structure in the B-4 District, it is a change that only introduces a supporting use for other principal uses within this District that seems appropriate. After a recommendation by the Plan Commission, an ordinance would be scheduled for a public hearing and action by the Common Council.

Action:

A motion was made by Council Member Czarnecki, seconded by Commissioner von Barga, to recommend a text amendment to allow accessory warehousing in the B-4 Office and Service District. The motion carried without a negative vote.

REQUEST FOR A MOBILE FOOD ESTABLISHMENT LICENSE – THAT TACO GUY, LLC/ELI AND ANDREA ACOSTA

Planner Censky advised that Eli and Andrea Acosta are requesting a Mobile Food Vendors License to be able to park a mobile food truck, on a request basis, on the site of the North 48 Tavern at W62 N599 Washington Avenue in the rear yard adjacent to the outdoor beer garden, on the driveway of Chris Smith's downtown property (Former Classic Traditions) at W63 N671 Washington Avenue and within the parking lot of North Shore Gymnastics at W59 N270 Cardinal Avenue. He reminded Commission members that the Mobile Vendors License Ordinance was adopted earlier in 2017 and serves to restrict where mobile food trucks can be parked. Specifically, **Section 7-18-2 License**

Market Value Assessments

October 31, 2017

Cathy Timm
City Assessor
City of Cedarburg
P.O. Box 49
W63N645 Washington Ave
Cedarburg, WI 53012

Dear Cathy:

From our recent conversations, I understand that you are currently requesting proposals for Commercial Assessment Services for the City of Cedarburg. I am writing this letter to express my interest in performing the commercial assessments for assessment years 2018, 2019 and 2020.

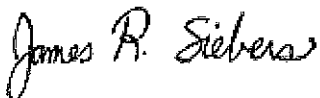

My proposal at this time, is to provide 8 office or field hours, for 40 weeks a year, depending on work load, to be conducted by me and/or my assessment firm, **Market Value Assessments**. I estimate that the time required to complete the tasks involved (personal property verification and data entry, digital sketching using APEX, listing commercial properties in Market Drive, and valuation of all commercial properties) would be 320 hours annually, calculated at 8 hours a week for 40 weeks. As mentioned to you during our conversation, I can be somewhat flexible when completing the necessary hours to complete this contract. At this time, it is my desire to retire from my full time profession so that I could then devote ample time to Cedarburg to complete these tasks.

My bid to complete the Assessment Services that you are requesting is \$14,000 per assessment cycle, or assessment year. If you are interested, I would be happy to draw up a contract to complete these assessment services. This contract would of course have to be approved by the Cedarburg Common Council and City Attorney.

I have included a copy of my resume, should you like to review my qualifications. If you would like to establish a relationship with James R. Siebers and **Market Value Assessments** for 2018, 2019 and 2020, time could be also spent on other miscellaneous duties besides just doing the commercial assessments function, I am flexible and want to make this work.

Should you have any questions , concerns or would like to discuss this further, please do not hesitate to contact me. I can be reached by cell phone at 262-623-0656 or email at assessor@wi.rr.com.

Sincerely

James R. Siebers

RE: Proposal/Contract renewal

Dear Cathy:

Pursuant to your request, I have given consideration to the renewal of the existing contract via Proposal for Assessment Services. (attached)

While not a final contract, the proposal defines Services, Term, Compensation, Additional Charges & Termination shedding light on details to complete a formal contract.

I appreciate the opportunity to continue working with the City of Cedarburg and look forward to hearing back from you.

Sincerely,
Perry L. Nell

SCOPE OF SERVICES

The City of Cedarburg is interested in retaining the services of an assessment/appraisal firm to provide Assessment services. Those services primarily consist of two main components: (1) Commercial Real Estate assessment functions and (2) Personal Property assessment functions. All work should be done in accordance with the Property Assessment Manual for Wisconsin Assessors.

Within this framework, Valu Rite Corporation, Perry L. Nell Accounts Manager will maintain Commercial and Personal Property values at approximately 100% for assessment years 2018, 2019 and 2020.

Maintain Commercial Assessments at approximately 100% for 2018, 2019, 2020.

1. Review all commercial properties and update values in the City.
2. Utilize all three approaches (cost, income, and comparable sales) in accordance with assessment regulations and professional requirements (when possible and when available).
3. Change and update all records, data and files along with provided on site office hours as needed.
4. Review all Personal Property accounts, inspect as needed and set values.
5. Attend and serve as staff for open book and Board of Review relative to Commercial and Personal Property parcels.
6. Review current building permits and inspect as appropriate, revise assessments as appropriate.
7. Provide taxpayer/appraiser/broker information as requested.

Compensation

The City shall pay Valu Rite Corporation the sum of \$1,125.00 per month. Said payments shall constitute the entire compensation due the assessor for the performance of his duties as described above for the term described herein. There shall be no additional compensation for assessor certification, recertification, appearance at the Board of Review unless otherwise specified by the term of this agreement.

Additional Charges

Open book hours by appointment totaling twenty hours annually are inclusive of this agreement with no additional fee. Open book hours exceeding twenty annually are an additional charge to be invoiced @ \$100.00 per hour per person.

Board of Review hours totaling twenty hours annually are inclusive of this agreement with no additional fee. Board of Review hours exceeding twenty annually are an additional charge to be invoiced @ \$100.00 per hour per person including preparation hours.

Legal/Appraisal and other professional services requested and obtained by the City related to assessment functions and Board of Review hearings are the sole responsibility of the City of Cedarburg.

Termination

This agreement may be terminated by the City at will with or without cause upon (60) sixty-day's notice in writing to Valu Rite Corporation. Valu Rite Corporation may annually terminate this agreement within (60) sixty-days after the City's Board of Review has completed its work and adjourned sine die, by giving (60) sixty-days notice in writing to the City. Upon termination or expiration of this agreement, Valu Rite Corporation shall deliver all records with respect to the performance of assessment duties to the City, including, but not limited to, computer data and programs used with respect to such work.

City Administrator's Report

November 22, 2017

Department News

The following information is provided to keep the Common Council and staff informed on some of the activities and events of the City. Points of clarification may be addressed during the City Administrator's Report portion of the agenda; however, if discussion of any of these items is necessary, placement on a future Council agenda should be directed.

Engineering & Public Works— Excavation for the new monopole will start on December 4. M-Squared started survey work for the 2018 Street & Utility Project. The monitoring well for the Prochnow property located on Chatham Street and Wauwatosa Road is completed.

Library— Interviews are taking place for the Youth Services Librarian at the Cedarburg Public Library.

Senior Center—The Senior Center Holiday Craft & Gift Sale will take place on November 30, December 1 and 2, 2017.

The Annual Turkey Dinner, with the help of many volunteers, was served to 130 guests on November 19 at Webster Middle School.

Light and Water—The building project at the Utility, involving the replacement of the HVAC system, was completed last week.

The Utility has completed their switch over to an advanced metering technology (AMI) for electric, which allows them to read meters remotely. The program to read water meters remotely has begun and will be completed in approximately 18 months.

The work in the City Hall parking lot is part of the project to rebuild the electrical service on the west side of Washington Avenue between Cleveland Street and Turner St. The area between Turner Street to Western Road will be done in 2018.

The Utility will be holding a Public Informational meeting for the new water tower being constructed next to the current water tower on Wauwatosa Road and Sherman Road on December 13 at the Utility office starting at 7:00 p.m.

Administrator— The auditors began their preliminary audit this week and will return in March 2018.

The Holiday Employee Luncheon will be held on December 13 at the Fire Station from 11:30 a.m. —12:30 p.m.

The Employee Toys for Tots drive will go through December 11.

Respectfully submitted,

Christy Mertes
City Administrator
